

'GO-STRAIGHT' YOUTH ADMITS MURDER

Returned To Scene Of Crime

David McKinley Sex, alias Delmar Speer, 24-year-old ex-convict who asked for a chance to "go straight," was taken into custody last night on a warrant from Los Angeles on charges of passing fictitious checks, and under questioning told police that last October he murdered a man on Highway 385 between San Bernardino and Victorville.

Relating an experience of hitchhiking to Victorville, being picked up by a "traveling salesman," of stopping and having a beer, and later the events that led to the stabbing of the victim, Speer remained calm as he told police his story late last night.

"WE WERE TRAVELING along the highway toward Victorville when he (the victim whom he did not know by name) stopped the car and made improper advances toward me," Speer related.

"I hit him and knocked him out of the car. He got up and struck me twice, and I reached into my traveling bag in the back seat and took out an ice pick. I kept the pick with some other tools to use to repair cars that are broken down on the road."

"I STABBED HIM two or three times in the head, but I do not think the ice pick went in, so in an attempt to knock him out I hit him with a rock."

"He was on the ground and I got a wire-core rope out of the trunk of the car and hog-tied him and put him in the trunk. Then I traveled some two and three miles and dropped him out on the edge of the highway. I drove another 10 miles or so, abandoned the car and started hitchhiking again."

SGT. JOHNNY Herrera talked with the police and sheriff's office at Victorville, and they "seemed to remember something about a body on the highway, but the details were hazy." They said they were going to check on the case. St. Herrera and Det. Richard Harries left with Speer at 5:30 this morning for San Bernardino and Victorville, where Speer said he would point out the place where he left his victim.

HE DESCRIBED his victim as being in his late 30's, thinning brown hair, about 5 feet 8 or 9 inches tall, and weighing about 150 pounds.

Born in Joplin, Mo., Speer's profession was that of a male nurse.

His early life was a strange one, according to him. When he was four weeks old he was found in a Missouri dump, wrapped in old paper. He was reclaimed from a founding home by his parents, but at 11 years old was

'21' Quiz Show

Producer Faces Perjury Charge

NEW YORK (UPI)—Albert Freedman, producer of the NBC quiz show "Twenty-One," was arrested today on two charges of perjury for denying he gave questions and answers to quiz show contestants.

The arrest was an outcome of months of investigation by District Attorney Frank Hogan's office in charges by former contestants they had been fed questions and answers.

HOGAN'S INVESTIGATION began when a former contestant of the quiz show "Dotto," claimed the show was "fixed." Edward Hilgemier Jr. made the charges.

The "Twenty-one" show was brought into the investigation by Herbert Stemple, who won \$60,000 before being beaten by Charles Van Doren, who won \$120,000 on the show.

FREEDMAN WAS taken from the district attorney's office in handcuffs to police headquarters to be fingerprinted and photo-

again made an orphan when both of his parents committed suicide. Speer went into the Army in 1953, but ran into trouble when he "borrowed a car" to see his girl who lived in another state. He was arrested twice for car theft and served sentences in state and federal prisons.

State Crime Rate Goes to All-Time High

SACRAMENTO — (UPI) — California's crime rate climbed steadily during the first six months of this year to a new all-time high, according to a report issued by the attorney general's office.

The report, made public late Thursday, showed an increase of about 10 per cent in the crime rate over the figures for the first six months of 1957.

THERE WERE 726 major crimes reported to police for every 100,000 residents in California during the January to June period.

The crime rate was almost half again as large as it was for the first six months of 1955. The rate stood at 501.6 per 100,000 persons at that time but it has climbed steadily since then.

ALTHOUGH CRIME in California was increasing faster than the state's population, the report argued that it was not increasing faster than the rate in the rest of the country.

The attorney general's office said comparisons between states were extremely difficult to make but quoted FBI statistics which indicated that while the increase of crime in California was "a little over twice as great as the state-wide population increase" crime in the rest of the United States "increased nearly four times as fast as the general population."

The report was issued by the attorney general's office two days after the election in which Attorney General Edmund G. Brown defeated Sen. William F. Knowland for governor. During the campaign, Knowland made an issue of what he termed an increase in crime in California.

Air Force Corrects 'Difficulties,' Prepares for New Moon Rocket Try

CLIFF HENDERSON'S merry 1909 Buick "White Streak" touring car offers a unique meeting place for members of the Palm Desert Civic Committee as announcement is made of first annual Palm Desert Gay Nineties Week, Dec. 3-7. Front, Cliff Henderson, committee chairman, and Mrs. Ralph Hale, entertainment chairman; rear, left to right, Phil Franklin, Palm Desert Chamber of Commerce president, and Andy Anderson and Ralph Phillips, president and secretary, respectively, of the Palm Desert Hotel Association. Featuring a mammoth parade of ancient vintage, autos and other colorful entries along with four successive nightly social events at famed Shadow Mountain Club, the festival has an impressive theme. The event will be a twin salute to the pioneering spirit which converted desert wasteland into lush Palm Desert, and the automotive industry into the greatest commercial venture in all world history. PALM DESERT TO MARK 12TH BIRTHDAY-GAY NINETIES WEEK

Palm Desert is readying a king-sized celebration of its 12th birthday and the remarkable progress it has achieved in that short space of time as a favorite desert playground and community of homes.

Spearheading the celebration will be the inauguration of an annual festival to be known as Gay Nineties Week. It will run from Dec. 3 through Dec. 7.

THIS ANNOUNCEMENT was made by Cliff Henderson, founder of the desert resort community, who heads up the Palm Desert Special Civic Committee.

The festival has an impressive theme — a twin salute to the pioneering spirit which converted desert wasteland into lush Palm Desert and the automotive industry into the greatest commercial venture in all world history.

ACCORDINGLY, GAY Nineties Week each year will both honor a notable automotive pioneer with a special trophy and stage a Gay Nineties' Parade starring a dazzling array of autos dating from the very beginning of the motor industry.

In addition to old time brass bands, a children's pet entry and tandem bike riders, the parade will feature entries from the Horseless Carriage Club and other organizations devoted to the ancient auto hobby.

INSPIRATION for the parade stems from the activities of horseless carriage hobbyists residing in Palm Desert, and a Horseless Carriage Club meeting held in the desert resort community last spring.

Among Palm Desert residents invited to participate in the Gay Nineties Week program are such outstanding personalities as Palm Desert Mayor Bing Crosby, Bill (Hopalong Cassidy) Boyd, Edgar Bergen, Gene Raymond and Jeanette McDonald, Jimmy Van Housen, Willard Parker and Virginia Reid.

PALM DESERT occupies the site where the late General George Patton's tank troops were trained. During the week of cere-

monies a plaque in commemoration of the doughty warrior will be unveiled.

An infinite variety of funfests and competitive events are scheduled throughout the course of the celebration. Heading the list will be the Wednesday night Cake-walk Social, Thursday night Desert Pow Wow, Friday night Old Time Vaudeville and the Saturday night spectacular Gay Nineties Ball. All of these social events will be held at the famed Shadow Mountain Club.

OTHER EVENTS redolent of a by-gone era will include an old-fashioned bathing suit contest and comedy diving at the shadow Mountain Club's figure "8" pool.

There will be prizes for contest and parade entry winners, as well as for the best costumes at the evening social events.

IN ADDITION to Henderson, the Palm Desert Special Civic Committee consists of Ted Smith, Shadow Mountain Club; Phil Franklin, Chamber of Commerce; Mrs. Lee Thompson, Woman's Club; Clay Stearns, Palm Desert Players; Vern Emery, Junior Chamber of Commerce; Edith Eddy Ward, Sponsors; Mrs. John Moon, Parents' Club; Ralph Phillips, Hotel Association; Baldwin Baker, Rotary Club; Hal Kapp, Realty Board; Mrs. Tom Cathcart, stickers; Dick Kite, musical director, and Mrs. Ralph Hale, entertainment.

On Ice Floe

20 Stranded Men Rescued Today

ANCHORAGE, Alaska (UPI) — Twenty men stranded since Sunday on an ice floe in the Arctic Ocean were removed safely early today by a C123J plane from Thule, Greenland.

All were reported in good condition following the rescue operation carried out in 20 degree below zero weather about 960 miles northeast of Point Barrow, Alaska.

STATION A, an International Geophysical Year station, broke in half Sunday under the pounding of a polar storm. The men were marooned on a camp site on an ice floe roughly 1,000 feet square.

The Alaskan Air Command said the rescue operation went off exactly as planned, the men were separated from the runway on the other half of the island by 1 1/2 miles of open water and crossed the gap when the winds died down.

The men had a boat with them

on the floe and used it to get across the gap.

THE C123J, USING jet assisted takeoff, lifted the men off the runway half of the island at 9:27 p.m., Nov. 6, Alaska time.

They will be flown to the RCAF station alert on the northern tip of Canada where the C123J will refuel and proceed on to Thule. There the men will be transferred to a C54 which will return them to Ladd Air Force Base, Fairbanks, Alaska.

AIR FORCE MEN marooned on the island were identified as Capt. James F. Smith, commander of the station; Sgt. Richard Van Natta, George Coleman and T. A. Boger and Airman C. Beaupre, C. O. Williams, R. E. Wise, George B. Marcus, John M. Cecil, C. Sprague and another airman identified only as MacNeel. Also with the expedition was the Rev. Tom Cunningham of Point Barrow.

Ike Accuses Russia of New Tests

Says Relieves U. S. of Observing Test Suspension

WASHINGTON (UPI) — President Eisenhower announced today that Russia has staged two atomic weapons tests since East-West test ban negotiations started Oct. 31.

He said this country and Great Britain will continue their test suspension for the time being but warned that the Soviet action "relieves the United States of any obligation" to do so.

THE PRESIDENT said that if the Russians did not stop their weapons experiments, the U. S. "will be obliged to reconsider" the test suspension which Britain and this country put into effect when the Geneva talks began.

The Atomic Energy Commission said the Russians staged test explosions of relatively small yield weapons Nov. 1 and Nov. 3 at its southern Russian test site. Previously the AEC had reported 14 Soviet explosions at the test site north of the Arctic Circle.

THE PRESIDENT recalled that on Aug. 22 he proposed that the East and West suspend tests for a year from the day negotiations for a permanent ban got under way. Britain agreed.

But the Russians, while agreeing to start negotiations, claimed the right to continue testing until they had exploded as many weapons as the U. S. and United Kingdom had fired since the last Soviet test series which ended March 22.

THE RUSSIANS accordingly resumed testing Sept. 30, after a suspension of six months, and have not yet stopped.

The White House statement noted that Russia's continuance of its nuclear testing flouted a U.N. General Assembly resolution a few days ago urging suspension of nuclear test while the Geneva negotiations on a possible suspension of such experiments were in progress.

RUPP LOSES 6-YEAR LEGAL BATTLE, EXECUTED TODAY

SAN QUENTIN (UPI) — William Francis Rupp, 24-year-old Orange County sex slayer, lost his six-year legal battle to escape execution today when he was put to death in the San Quentin gas chamber after three last-minute appeals were rejected.

The California Supreme Court, U.S. Supreme Court Justice William O. Douglas and Gov. Goodwin J. Knight were asked this morning to stop the execution of the 24-year-old Santa Ana bookkeeper. All refused. Rupp killed a 15-year-old baby sitter in 1952.

Wood Named Successor to Florian Boyd

John Wood, resident of Palm Springs for 21 years and a member of two local civic boards, yesterday was named successor to the late Florian G. Boyd on the Palm Springs City Council.

In an executive session of the council, members of the council unanimously selected Wood, who worked as Boyd's campaign manager during the past three councilmanic elections.

THE FORMAL appointment is expected to take place at the next council meeting.

Wood's selection was announced after two special sessions of the council this week, according to Mayor Frank Bogert, on the first ballot a decision could not be made. Eight persons were considered for the position.

WOODS CAME to Palm Springs from Cleveland in 1937, and in private life he is credit manager at the Palm Springs Builders Supply, a position he has held for the past three years. Prior to that time he was employed for 10 years as manager of the Dill Lumber Co.

He is one of the men who helped start the Tamarisk Country Club, and served as its first president. He owns a golf driving range in Palm Springs, and has been active in the development of the Indian Wells Country Club by helping Milt Hicks, owner of Palm Springs Builders Supply.

If an appointment has not been made to the vacancy by Nov. 12, it will have to go to a special election.

Board members yesterday appointed Cook to replace Purcell. His appointment becomes effective following approval of the

Launching This Morning Is Postponed

Trouble Not Major But Delay Of Day Necessary

CAPE CANAVERAL, Fla. (UPI) — The Air Force corrected the "technical difficulties" that forced postponement in launching its third moon rocket today and began preparing the 88-foot vehicle for another blast-off attempt early Saturday.

Officials declined to pinpoint the cause of the postponement, but non-military sources said the trouble was in the Thor missile section of the four-stage rocket.

THESE SOURCES said the trouble was not major, but it could not be corrected in time to fire the rocket within the 15 to 20-minute period during which the launching attempt had to be made. In that period the moon was lined up in just the right position in relation to the earth.

The postponement, which came only 48 minutes before the scheduled firing time at 1:22 a. m., meant that the launch team would have to start almost from the beginning in the countdown checklist, a 94-page document that includes 1,100 items.

IT ALSO APPEARED that the Cape would lose its distinguished visitor of today, Queen Frederika of Greece, who displayed a keen interest in science during a visit to Chicago Thursday, was to watch the shot from a vantage point on the Cape.

But the Air Force said after the postponement that the Queen and her daughter, Princess Sophia, were scheduled to leave soon after dawn today.

A NEW SYSTEM of cutting off the second stage engine of the rocket will be used this time to avoid the difficulty that caused the second moon rocket to fall far short of the lunar sphere.

Instead of the "accelerometer" built into the earlier vehicles, the second stage engine of the third rocket will be cut off by radio signals from a ground station when a computer figures the rocket has achieved the proper angle of flight at the desired speed.

THE LAST ROCKET was robbed of the extra kick needed because the first stage Thor missile climbed too high before veering out toward the moon. The new system was designed to assure that the second stage engine does not cut off before the necessary speed and angle of flight have been attained.

After this shot, the Air Force will give way to the Army, which has two authorized lunar probes. The first Army shot is expected early in December.

DR. PURCELL, who is also a former member of the Indio City Council and Indio Board of Education, was a member of the Palm Springs Planning Commission for five years. He has been a desert resident for 24 years. Cook has been a Coachella Valley resident, former and rancher since 1913.

Suit to Determine Amount of Estate

A suit on file in District Court in Chicago today sought an accounting of the estate of Mrs. Esther L. Frank, Palm Springs and Los Angeles, on grounds the information was needed to determine the assets of her father in a bankruptcy case.

The suit was filed by attorneys for Nathan Yorke, trustee in the bankruptcy case against Abraham Liebling, Mrs. Frank's father.

THE SUIT SAID that the trustee had reason to believe that Mrs. Frank and Liebling's wife, Faye,

had been acting as agents for Liebling and carrying on business for him. The suit said the trustee had been unable to get records to determine whether Liebling had the money to pay his creditors.

Liebling was adjudged a bankrupt in proceedings in the Southern District of California. He was described in the suit as a real estate dealer and financier, and the suit charged that he had engaged in a scheme to conceal assets by naming his wife and his daughter as agents to carry on his business affairs.

Party Victories Part of True American Democratic System

For the first time in almost a generation California voters followed partisan registration totals almost to the exact percentages in casting their ballots in Tuesday's general election.

With more than a million majority in party members, the result was close to a complete sweep for the Democrats in top party offices although a number of incumbent Republican congressmen and State legislators managed successfully to weather the Democratic surge.

It is of interest to Californians, too, to note that the trend in this State was similar to that in the nation at large with the outstanding exception of New York State which switched to a Republican Governor and Senator.

With the Democrats at the helm of government in California and a majority of other States, and having gained large majorities in both Houses of Congress, the people have in effect chosen their captains and teams for a "new" political game to start in January when the players recently chosen take their places in the official lineup.

In the meantime, as on the field of sportsmanship, the winners are being congratulated and the losers consoled on the outcome of the contest just closed, while the public looks forward

to the opening of another season. This has been demonstrated 42 times to date in American political history, with the Democrats winning 7 national "games" and 25 going to the Republicans.

Such is the way elections are held in America under the two party system through democratic processes, without revolutionary upheavals, restriction to one party "liquidation" of candidates or intervention by armed force as is frequently the case in many other nations of the world.

No matter how "hot" the issue, Americans battle it out with ballots, shake hands when the count reveals the verdict of the voters, and unite to work for the combined best interests of these United States.

So it is with the State and National elections just concluded. Even though The DESERT SUN and the majority of voters in the Desert Empire favored some candidates and issues defeated at the polls in the statewide totals, unanimous acceptance and support of the results are now in order.

Congratulations are hereby extended to all winners, both Democrats and Republicans. May they all work in continued improvement of the welfare and progress of the people of California and the United States of America.

Atomic Airplane--Final

WASHINGTON, D. C.—"Some of our programs are money-pieces," admitted a General Electric spokesman on the Idaho site where the atomic airplane is being developed.

He meant that with more money from Washington being spent on a "crash program" the nuclear-powered aircraft might be speeded up. That way we could "beat the Russians" and could advance the date for the momentous experience of atomic flight.

BUT I AM HAPPY to report that welcome and very rare quality called "maturity" is presiding over the birth of this stupendous achievement. The company spokesman was not "talking poor." He had said that most of the programs were technologically-paced. A four-star Air Force General fairly sputtered when I tried him on the "psycho-warfare" argument for souping up the atomic plane development. "Wars aren't won by propaganda!"

Maybe it's wrong to be nostalgic about such a thing as common sense, but it's been years and years since your reporter has heard it talked so consistently. This officer was actually following the Administration line on the subject. On March 5, 1953, President Eisenhower wrote to Congressman Melvin Price, chairman of the Joint Atomic Energy Commission, in part as follows:

"... I HAVE decided that we should first continue to go forward as rapidly as we effectively can with our development program, which at this stage places major emphasis on ma-

terials and reactor research, rather than to rush development of a first nuclear flight aircraft which would have little or no practical utility and would delay achievement of an effective military aircraft."

In this situation we have, I think, one of the unheralded but increasingly evident virtues of the Eisenhower Administration. Under the President we have become, not in all areas and not all at once, something like the "have" nation to which Americans were once so accustomed and so proud.

IT IS INDISPUTABLE that the atomic plane would make a great weapon and that we should have it as soon as we feasibly can. But it is also true—and it can be a bigger truth—that this country has reached a state of readiness in which we can afford to do without the atomic plane for a while longer.

I make this statement after some time as SAC headquarters, and some comprehensive talks with Gen. Thomas Power and his officers. I make it, having returned to Washington and attended a press conference at which Secretary Dulles virtually distastefully dismissed the Formosa Strait matters off his fingertips and moved to the next task.

THE ONE-BREATH mention of Gen. Power and Mr. Dulles is not arbitrary. Military force is the historical partner of power diplomacy. A nation that is confident in its strength of arms can go to the brink with some assurance that the enemy will do the backing down.

Well, the Russians loosened no

missiles when the Marines went into Lebanon. And the Red Chinese took such a drubbing from American-trained Nationalist pilots and from American-supplied landing craft that they reduced a fair-sized war to the petty absurdity of any every-other-day barrage on the Quemoy.

THE UNITED STATES has returned, without any great clatter and din, to the position of being the most powerful military nation on earth. Within a year the Russian Sputniks have been joined in the skies by the Vanguard, the Explorer and the Pioneer. There is a rising order of magnitude in these American space vehicles.

The Pioneer, with its range of 79,000 miles, is the current wonder of the world. But quite aside from these spectaculars, there has been a steady build-up of air, land and sea forces, accompanied by an admirable economy of effort. By living dangerously, this Administration had made it almost "sure" that the aggressor would not dare attack.

BUT THERE IS an affirmative as well as a defensive aspect of our strength. A State Department spokesman put it to me this way:

"The newspapers get alarmed because they haven't yet become accustomed to the voice of American authority. It used to be that nations would insult us, and we would immediately start new development programs to win over them. But today..."

Well, today we speak softly, while swishing the big stick.

'But Doc, I Dream I Keep My Campaign Promises'

This Side of The Sun

By Phat

Now here's a plea
To disc jocks everywhere
When you get through
Please name that air.

By "air" I mean the name of the song. It would stop many a home argument on the name of that song.

FOR INSTANCE, you and your helpmeet are sitting around just listening to radio. Comes an old familiar number. It's an instrumental, no words to give a clue to the name.

You say one thing, she says something else. There's a domestic argument as you both hum the tune trying to get the name.

Then comes on another number and you have trouble keeping track of the first. Now if the disc jockeys would only announce the name AFTER the record, all trouble would be ended.

BUT, NO. They say beforehand what they are going to play and you both missed it. So you and your wife sit there, far from and hum and disagree. So then comes that alphabet routine. Start with A, B, C and so on down the alphabet hoping to catch the first letter of the title.

No luck.

LIKE THE OTHER day Mrs. G. and I sat and listened to radio where they were putting on series of three numbers between commercials.

I won one on "Barcarole" and she beat me on "Jealousy" and "Stardust."

And my apologies to Hoagy Carmichael for "Stardust" is one of my all-time favorites and I shouldn't have missed.

WHILE ON THE MUSICAL kick let me tell you of one of the most embarrassing moments in my life and I've had plenty of them.

We were invited by a couple to have dinner and attend a musicale. It was fine although I went reluctantly.

Until a woman came on to sing. She was what I guess you call a coloratura soprano. If there's one thing I don't like it's a woman singing in the high altitudes.

AND I SAID SO. There was a deep silence following that. When we left our host and hostess, especially the latter, seemed extremely happy to have us go.

I remarked to Mrs. G. about that sudden coldness and she said:

"You would open your big mouth like that. That singer is the sister of our hostess. The reason we were asked was just to hear her."

HEARD YESTERDAY about a girl whose boy friend went out to prospect for oil.

So she sent him a "Get Well" card.

And also read about a new invention to help those who have trouble getting to sleep.

It's a night lamp with a revolving cylinder.

It presents an endless procession of sheep jumping over a fence.

Says Gordon Thatcher — Middle age is when each day makes you feel two days older.

STAN DELAPLANE'S Postcard

Home from Mexico. You can drink the water right out of the faucet. And hamburgers grow in Hamburger Heaven. From the City of Angels: "Welcome, stranger."

"As a matter of gloomy record," said Mr. Brig Townsend, the hotel press attache, "the stranger is no longer welcome. Southern hospitality is no more — Southern California, that is."

"IS THIS FACT or fancy, Brig?"
"It is a fancy fact," said Hollywood's sincerest press agent. Mr. Townsend said the Los Angeles city fathers were about to slap a 5 per cent room tax on each and every guest.

"AN EXTRA BURDEN to those who, already burdened, seek a room at the inn. How would you like to pay 5 per cent more for your pad?" he said. "I wouldn't like it. I would like to pay 5 per cent less."

"THE HOTELS FEEL it is the height of inhospitality," said Brig. "Besides being very bad for business."
"Los Angeles built its reputation on the cordial welcome."
"That was the old days," he said. "Soon we may slip ground glass in your mint julep."

LOS ANGELES NOW claims 444 square miles. The pioneers chopped most of this out of jack-rabbit land and planted it with oranges.

Almost immediately the real estate men began chopping out the oranges and planting it with tourists.

The Eastern States were bannered with signs: "Come to California!" And they didn't mean San Francisco.

THE RAILROADS opened a rate war—\$15 from the Mississippi to Los Angeles; \$10 to California; \$5 to California! On one day in 1886, the price dropped to \$1 for the entire trip.

At present they figure 400 new people a day arrive in Southern California. And the census estimators predict Los Angeles will go to 10 million — the biggest city in the world. Heavenly days!

EARL WILSON:

On Playing With Sinatra

NEW YORK — I unintentionally got mixed up in a lot of Frank Sinatra stories while helping Toots and his wife celebrate 24 years of marriage.

Once when Toots needed \$10,000 Frank came through.

Toots didn't learn until later that Frank had borrowed \$7,000 and had received a \$3,000 salary advance from Bill Miller of the Riviera where he was working.

Now that Toots had become comparatively rich, he twitted Frank by asking him, "Have you got \$1,000,000 in your checking account?"

"I got that much in my pocket," said Frank.

Frank was also pleased at Dean Martin who got a call from a London newspaperman who asked him if he knew anything about Lady Beatty, Frank's friend.

Dean replied, "Yes, I know her brother, Clyde Beatty. He plays with lions!"

John Huston and Jim H'ill here this week to test girls for "The Unforgiven" film, will talk to Joy Harman and Ann Wedgeworth of "Make a Million" about tests.

Errol Flynn has told some friends that when he and Patricia Wymore are divorced, he intends to marry teen-age actress Beverly Adland who was in school with his son Sean.

Toni Carroll, the singer, discovered that postcards she sent from Moscow, saying she'd gone there from Rome, "which is like going from Heaven to Hell," didn't get through.

The Harwyn'll be 5 years old this month. When Ed Wynne left the Star Club to start it Sherman Billingsley prophesied it wouldn't last five days. ... Red Buttons — in from Hollywood to be Patti Page's guest — is extolling wheat germ and blackstrap molasses which is making him skinny.

In Joe Howard's opinion, a painless dentist's the one who forgets to bill you. ... Sophia Loren earns around \$1,140,000 this year from Paramount for four pictures ("Houseboat" is her next) and will get the same next year. ... Comics Rowen & Martin are trying to bust their contract with their agents. ... Art Linkletter claims teen-age girls today think needlework is changing them on record-players.

Today's Best Laugh: "Why does your grandmother read the Bible so much?" one little girl asked the other little girl who said, "I think she's cramming for her finals." — Capper's Weekly.

Sammy Kaye's secretary broke her glasses and asked her optician "Will I have to be examined all over again?" He answered, "No, just your eyes!" ... That's earl, brother.

MIKE CONNOLLY:

It's Guesting Time in Movies

HOLLYWOOD — It's guesting time in the movies, just as it is on TV. Bob Hope ordered a special toupee from the makeup department at Paramount for a "surprise walk-on" of a Very Special Friend in Ski-Nose's new movie, "Alias Jesse James" (the VSP being Bing Crosby).

And then Bob turned around and did a similar guest-shot in Danny Kaye's new one, "The Five Pennies."

Sy Weintraub, who bought the TV rights to "Tarzan" from Sol Lesser and then fired the star, Gordon Scott, may be sorry on both counts—because I hear MGM is signing Scott to star in a remake of the studio's old ape-man movies that starred Johnny Weissmuller.

ANNE BANCROFT is cramming her brilliantly comic role in Broadway's "Two for the Seesaw" for the highly dramatic role of deaf-and-dumb-and-blind Helen Keller in another stage play, "The Miracle Worker."

Ingrid (Miss Sweden) Gode is taking Michael Garth, operator of the Little Club in Beverly Hills to Sweden over New Year's to meet her parents, and that SPELLS wedding BELLS!

LANA TURNER sold the lot adjoining her property in Acapulco, Mexico, to Ted Stauffer, once wed to Hedy Lamarr. Stauffer, I'm told, is on the prowl for a new mate (this would be his SIXTH marriage!) — but I doubt if it'll be Lana. ... Dennis Day's advice to weekend drivers: "Stay sober and don't make 'em peDEATHstrans!"

The role was originally rumored for Mahalia Jackson but Ethel Waters confided to me at Carol Channing's Coconut Grove opening that she may play Sidney Poitier's mother in the Broadway-bound "Raisin in the Sun" — after she finishes "The Sound and the Fury" for Jerry Wald and Sidney finishes "Porgy and Bess" for Sam Goldwyn.

MISS CHANNING, who does a semi-striptease in her act, confided that she learned how from the Strip Mother of Them All, Gypsy Rose Lee. "It's very simple," Gypsy told Carol. "Just watch the eyeballs of the men in the audience and when they start bouncing you'll know you're bouncing along in good style too!"

George Burns, for whom Carol will do a telenovela, introduced Carol to the Grove-goers: George also gave a nod to his ring-siding wife and cracked, "Yes, it's true, Gracie has really quit the act of Burns and Allen—matter of fact, she's ordering twin beds!"

you a drink, Mrs. Kane," said the hostess, "since you're head of the Temperance League." ... "No I'm president of the Anti-Vice League" ... "Oh! I knew there was something I shouldn't offer you!"

In Italy they have difficulty pronouncing "Zsa Zsa" and say "Tza Tza." So in Rome, when the cafe orchestras played for Miss Gabor to dance, Sam Steinman insisted they were playing the Tza Tza Tza. (Which is enough out of him for six months). ... Yugoslavia's had jet planes for years. That's the name of their airline.

Kid Story: Young Jack Scott, who made the hit record, "With Your Love," took his sister Laura, 7, along shopping, and a salesman asked her where she got her pretty hair. "It came with my head," she said.

Joe E. Lewis is sure "That Certain Smile" is the story of Ed Sullivan's life. ... Eddie Hanley tells me of a business executive whose doctor told him to give up his car and roll a hoop to his office. After a few weeks, he felt fine, lost weight, and enjoyed it. One day somebody broke the hoop. The big man was almost in tears. "Gee, he said, 'now how'm I gonna get home?'"

Buddy Hackett's very happy on Jackie Gleason's show. "Jackie assures me he's building me slowly but with a solid foundation," he says. "This is the same way he worked with Art Carney. I remember saying to myself, 'Gee, I'd like to see more of that fellow,' and in time he was sharing the show with Jackie!"

Dave Garroway's NBC intimates just love Charles Van Doren but they think he's wrong for the "Today" show and wish he would be transferred.

Earl's Pearls: Taffy Tuttle told Toni Carroll she figured out the difference between a Democrat and a Republican: the spelling.

Today's Best Laugh: "Why does your grandmother read the Bible so much?" one little girl asked the other little girl who said, "I think she's cramming for her finals." — Capper's Weekly.

IT MAY BE MERE coincidence but Kim Novak will be in Europe when Gen. "Ramfis" Trujillo (he gave her that sportscar, remember?) goes over this month. A Trujillo confidante tells me he's Europe-bound "to look into the Brigitte Bardot situation" — and also "to pick up his yacht, the Angelita, which he sent to Germany for a \$4,500,000 engine change!"

P.S.: Zsa Zsa Gabor is over there too, making a movie with Mario Lanza. Novak-Bardot-Gabor, WOW—watch it, Ramfis!

CHANNEL CHATTER — June Lockhart is being lured to narrate Playhouse 90's Christmas show Dec. 25, Tchaikovsky's "Nutcracker Suite."

TV's top terpsiters for '59, Fred Astaire and Barrie Chase, are both going dramatic, but in separate directions— Fred in G. E. Theatre's "Man on a Bicycle" with Roxane Berard, his delightful new dancing partner (Barrie is also screenwriter Borden Chase's daughter) in a Have Gun, Will Travel segment.

He couldn't get "The Music Man" itself so legit-producer-turned-NBC producer Kermit Bloomgarden will produce a behind-the-scenes story of how "The Music Man" came into being as a Broadway hit instead.

THAT PURSUIT segment you saw on CBS-TV last Wednesday (Nov. 5) was actually the pilot film for a new series with the same title as this particular show "Savage Is My Name" ...

... They're CBSignalling Leslie Nielsen for a 90-minute live TV-version of "Death of a Salesman" in January.

Dick Bare switched over from directing Westerns for Warner-TV to directing several 77 Sunset Strip segments for the same studio. Bare's blare: "Just tell my public I'm very happy to be doing something different—adult Easterns!"

THERE'LL ALWAYS be adult bobbysoxers. Gus Constance, the maitre'd Brown Derby, let a little old lady tourist from Iowa swing with a caricature of Lawrence Welk. The fervid Welkite merely lifted it off the wall, tucked it under her coat and walked out.

Silent screen star Neil Hamilton signed in for tonight's (Nov. 7) Ellery Queen segment, "Death Before Bedtime" ...

One of Arthur Murray's Nov 7 guests could teach Murray a few dance steps, (just ask Barbara Stanwyck and Joan Crawford!—and I do mean the fancy-steppin' Cesar Romero.

Dear Abby...

DEAR ABBY: My problem is about clothes. My clothes are so old and everybody's seen them because I wore them last year in the seventh grade. My mother sews quite well, but lately I have a more developing figure. She makes them so square and loose I won't wear them. She says if I won't wear what she has made for me she won't make any more and she won't buy me any new dresses, either. I asked for an allowance to buy my own clothes, but she won't give it to me. What should I do?

DEAR WITHOUT: You're not really "without clothes"—you simply refuse to wear the clothes your mother has made for you. If I were you I would trust my mother's judgment.

DEAR ABBY: A letter in your column about the two 79'ers taking a trip together gave me food for thought. I am a widow and not quite 79, but I am over 60. Last year it happened to be convenient for me to attend a family celebration with a gentleman

widower remotely related through in-laws. We stayed in separate hotels, not to be discreet but because the hotels were crowded. I found it much nicer than being tied to an older woman night and day. Last week I heard about a cruise which sounded inviting. He called me long-distance on business, and I asked him if he would be interested in the cruise. He said it sounded fine. I have no children and to heck with the gossip, but he has children and grandchildren. Do you suppose they would take exception if he went on such a cruise? They might hesitate to criticize him to his face.

MERRY OLD WIDOW DEAR MERRY: Suggest to this gentleman that perhaps he should talk it over with his relatives IF he is interested in their opinion. If you occupy separate quarters and behave like well-bred adults, there should be no cause for criticism.

DEAR ABBY: I have a problem in my office. Everyone but myself is either on a diet or is

talking about food and weight. It is driving me batty. When I bring a piece of cake with my lunch they make me feel like a criminal. One girl told another girl I brought fattening things on purpose to make her drool. I am inclined toward being slim and can't help it if she is a fat slob. These girls are ruining what was once a pleasant job. Any suggestions?

THE GIRL AT UNITED DEAR GIRL: People who are fighting the battle of the bulge need all the help they can get. Slip away and eat the sweets in private like a good girl.

CONFIDENTIAL TO CONFUSED at the Luncheonette: You are being stepped on by a Cuban heel. Give him the whole boot!

'Man Would Be Fool to Fool Around With the Weather'

By JOSEPH L. MYLER
United Press International
WASHINGTON — (UPI) — Man would be a fool to fool around with the weather.
If he could change the weather and did, he might very well wish he hadn't.
That, at least, is the view of one prominent weather scientist, Dr. Harry Wexler.
Wexler is director of meteorological research of the U.S. Weather Bureau. He also is chief scientist of the U. S. antarctic research program.

IN AN ARTICLE published today in the journal "Science," Wexler says current proposals for large scale weather modification "are either impractical or likely to produce cures that are worse than the ailment."
One proposal for changing the earth's heat balance and thus alter its weather is to blacken the arctic ice pack and certain deserts with a thin film of carbon.

The film would have to be laid down by low-flying airplanes. Wexler figures this could be done with 200 million flights by Air Force Globemasters lugging 10 tons of carbon per flight.
This would take considerable time. Meanwhile wind, melting, frost and snow or drifting sand would be doing their best to undo the job.

AN ALTERNATIVE would be to generate thick fogs of ice crystals which would reduce radiation of solar energy back into space. Wexler's recipe for cooking up such a fog is as follows: Take 10 really "cold"—that is non-radioactive—hydrogen bombs each equal in energy to 10 million tons of TNT.
Explode them at just the right depth in the arctic ocean to produce the right amount of steam.

This would increase the size of age" endangering the life of cities existing glaciers and cause new and communities south of the ones to form, "creating a new ice arctic.

HALF WAY MARK for the \$15,000 needed for Palm Springs Float in the New Year's Day Tournament of Roses parade, was reached this week when Anita Haskell Jones and Blake Corliss turned over the proceeds from the Hat Parade Luncheon at Chi Chi. Profits from the luncheon amounted to \$591.82. Mrs. Jones was general chairman for the luncheon and Mrs. Corliss handled ticket sales. The Float Association still needs \$7500, and \$2500 more must be raised in time for the second payment on November 15. Progress of collections is registered on the chart in the Plaza (Anderson photo).

WAIF Sets March Date For Ball

Palm Springs Chapter of WAIF (Woman's Adoption International Fund) is one of the first to set the date for its Annual Ball for 1959. This is one of the desert's most elaborate parties of the season, and will be held Saturday, March 14, in El Mirador hotel.

The date decided at a meeting of the board held in the home of Mrs. Kenneth Kirk, new president of the Palm Springs chapter of WAIF. This ball always has an outstanding program and this season's plans are formulating to present an unusual surprise for all attending. Among those present at the opening board meeting were: Mrs. William Malouf, first president and now chairman of the board; Mmes. John Costello, Earl Cordrey, George Gannon, S. P. Manasse, Austin McManus, George Roberson, Beth Scott and the new president, Mrs. Kirk. The group stayed on for luncheon with the hostess.

Mrs. Austin McManus, a charter member of the board of Palm Springs Chapter of WAIF, extended an invitation to the board inviting that group and the active members to be her luncheon guests in the Tennis Club on November 28, the day after Thanksgiving.

Mr. and Mrs. Kirk, who divide their time between their time between their Palm Springs home and their Beverly Hills home, plan to spend much time here this winter. They will bring their two young daughters here for the Thanksgiving vacation, so will be occupying their local home from November 21 to December 1st.

Palm Springs Debs Names Revealed

Thirty Girls Selected for 1958-1959 Debs

Thirty girls, all Juniors or Seniors at Palm Springs High School and Palm Valley School, were named today as Palm Springs Debs for 1958-59, the photogenic beauties who will be used in publicity pictures promoting Palm Springs.

Choice, based on photogenic qualities, beauty and poise, was made by three representatives of the John Robert Powers School, which is offering free courses in self improvement to the 11 members of the "first team," who will carry the letters that spell out "Palm Springs." These girls will be selected later.

The Palm Springs Debs include this year's officers, chosen last

year by the retiring seniors. These are Linda Wester, president; Judee Gay Canby, 1st vice president; Pam Raphael, 2nd vice president; Wendi Hammond, secretary; Linda Thomas, treasurer.

Others chosen are: Ricki Aldrich, Sandra Babcock, Carla Black, Linda Boyle, Bobbye Dabbs, Diane DeWitt, Donivee Ellison, Cindy Hall, Karen Hanson, Dianne Kennedy, Rollin Levin, Meme Magee, Maria Maroloy, Linda McManaman, Jean Morrison, Barbara Rech, Jo Rosin, Marilee Ruskin, Sheila Russell, Phyllis Spillen, Arlene Taylor, Gloria Jean Tonne, Joy Rose, Jeannie Stuart, Judy Stuart. All are 16 or 17 years old.

To become eligible as a Deb, each girl was first given a good scholastic standing by Palm Springs High School.

Hildy Crawford, Desert Sun society editor and columnist, will be the Debs' honorary advisor this year, and will choose patron-

esses and make plans for a Deb Ball, at which time the girls will receive their pins. This will probably be a holiday affair.

Monday which the Debs will receive for posing will go into a fund which will be given to the Palm Springs charity selected by the girls themselves.

COSTUMES, DANCING and fun groups make the Wednesday night Bavarian Beer Festival a popular spot to entertain. Among those hosting parties at the first of the Festivals were Mr. and Mrs. Ronald Ellis, pictured on the dance floor. (Conrad Hug Photo)

Bavarian Beer Festivals Resumed at El Mirador

Those popular Bavarian Beer Festivals are back in full swing at El Mirador with the opening party Wednesday night. Dining off German food, served buffet fashion in the Starlight Patio, drinking draft beer by the pitcher, and singing and polkaing to the music of John Meloch and his Original Hofbrau orchestra were Beer Festival devotees.

Manager Dick Vander Veer, assisted by Mayor and Mrs. Frank Bogert officiated at the stein-filling ceremony.

Mrs. Ed Houghton, wife of El Mirador president, was down from Los Angeles for the affair, and the Bill Reichels were down from Palo Alto. At this El Mirador table were Dr. and Mrs. Samuel Salinger, recently returned from a summer abroad.

Hosting a group of friends were Mr. and Mrs. Ronald Ellis, who were wearing authentic Bavarian costumes. There guests were: the Frank Camps, Rev. and Mrs. W. A. Blondon, Mrs. Dorothy Hoover and Mrs. Ruth Hardy.

At the VanderVeers' table were Postmaster and Mrs. Merritt Williams, and Mr. and Mrs. Gethin D. Williams.

Others in the crowd were: Mr. and Mrs. Val Blatz (he was honored with a special song), the Frank Bogerts, the Earl Hendersons, Tani Boyle (Johnny was at Smoke Tree), Charlotte and C. C.

Christmas Carrousel Has Committees Hard at Work

Tuesday Mrs. Bow Herbert entertained her committee at her home on Avenida Palo Verdes. Their object is to get unusual things for children, for the name of this group is "Togs for Tots."

Mrs. Francis Pruitt is meeting with her committee Thursday. "Hats and Bags" is their project and since many of the group were world travelers last summer they hope to bring to Palm Springs something new in hats and bags that have never been obtainable here before.

The Palm Springs Woman's Club Christmas Carrousel on December 8 is the inspiration of

many happy get-togethers by the club members. It seems that Mrs. Howard Matthews, general chairman of the Carrousel, is entertaining one of her committees every day. It is a working group at all times and each member competes with the others in making the lovely gifts to be sold at the Carrousel.

Mrs. Matthews' house is a picture now with numerous glittering pink table Christmas trees all ready to be boxed to await the big day. This is the work of the "Glitter - Glamour" committee with Miss Leona Victoria Smith as chairman.

Palm Desert Incorporation Discussed Further by CofC

PALM DESERT — The possible incorporation of the Palm Desert area was again discussed at an open meeting of the Chamber of Commerce, held at Firecliff Lodge and attended by more than 25 members.

Chamber, announced that Bob Anderson from the county administrator's office in Riverside, had offered to visit Palm Desert and help with the mechanics and statistics for a survey.

PLANS FOR A woman's division of the Chamber are definitely taking shape, it was revealed, and the possibility of another division for retail merchants, was discussed. This division would function as a unit, be represented at chamber meetings and help unify a program for the area it

was declared.

Plans to erect a bulletin board on land donated by Cliff Henderson near the new post office building, were submitted. The board would be used to announce chamber activities and other private or civic events.

IT WAS ALSO decided that the Chamber would select and sponsor a young lady from Palm Desert (between the ages of 16 and 21) to help in the fund-raising campaign for the Indio Rose Parade Float.

Long Interested

Young Is Active In Little Theater

PALM DESERT — Real estate salesman and ex-army Major, Clifford Young is a man who has long been interested in Little Theater groups.

But a life of varied and divergent activities have often prevented him from indulging those interests.

Last week they were realized for the first time when he was appointed business manager for the Palm Desert Players.

SAID YOUNG TODAY, "I think I am not speaking out of turn when I say it is not only the desire and hope of each player member to produce the best plays we can find, but to also make of the group as a whole, a self-sustaining organization."

Young with his wife, Alberta, and sister-in-law, Rosamund Re-pass, first moved to the desert three years ago. As owner-manager of Young's Shoe Mart in Cathedral City, he participated in civic and church organizations and evinced a lively interest in cultural activities throughout the area.

FORMER RESIDENTS of Pacific Grove where Young was stationed at Ft. Ord between World War II and the Korean conflict, he and his wife took an active part in "The First Theatre of California" in Monterey.

Prior to that time, Young, who is Oregon-born, served as battalion operations officer from Australia to the Philippines. In Korea, he was operations and intelligence advisor to the 1st Regiment and after Korea he served as intelligence advisor in Nebraska, until he retired from active service in 1954.

Moving to Palm Desert last year from Cathedral City, Young (who owns a summer home in Pinyon Flats) is at present associated with the John Sharp Real Estate office in the Palm Desert Shopping Center.

'Leisure Lost' Party Held at Leisure Loft

PALM DESERT — More than 85 spooks and goblins, gypsies and scarecrows attended the Halloween party last Saturday evening at Lou Kuehner's "Leisure Loft," designated for the occasion as "Leisure Lost."

Singly and in pairs, guests climbed the winding path flanked by jack-o-lanterns and guarded by a dummy in long, red wools, to the handsome Spanish ranch building where the main room was decorated in orange and black paper and wide-mouthed pumpkins.

Kuehner, who is fast gaining a reputation as an outstanding host and "party engineer," presented an assortment of games which included Apple-bobbin', Pinning the Heart on the Skeleton and d impaling apples on the witch's teeth.

Outside on the porch, lighted by flaming braziers, guests roasted wieners and toasted each other in apple cider.

Included among the guests were Mmes. and Messrs. Jim Harstad, Dick Deman, Steward Trumble, John Moon, William Johnson, Tom Carter, Walter Good, Tom Alongi, and scores of others.

MR. AND MRS. EVERETT Sisson are the first couple to take possession of their new home in the Triplong Apartments which were completed Nov. 1. Gardening in the Desert

We leave behind for the present our lengthy treatment of insecticides that are a must in the amateur gardener's storeroom. In January we'll probably get back to garden pests and their elimination.

November on the desert may

be considered bulb planting time. If the amateur gardener has spent considerable time in climates that differ from our desert climate we would say forget the methods of planting that prevail there.

THERE IS A LARGE category

of bulbs and corms that may, with botanical study, help in adding color to your garden during the season. In this article we hope to give you a list of bulbs and corms that will, if properly handled, make you proud of your color show.

The Calla Lily is quite a favorite here. The white variety is a February bloom, others, varying in color from yellow to black, will supply a variety of colors. The beds in which the bulbs and corms are planted should be rich in peat moss and steer manure, both of which should be heavily wetted.

BULBS SHOULD BE planted three to four inches apart in the prepared ground. We are not worried with poor drainage in the desert hence the layer of peat moss and steer manure. About every fifth day is sufficient watering and heavy rain falls should be taken into consideration as irrigation.

As spring fades out the leaves of Calla Lilies fade out also. Don't attempt to cut the fading leaves; they may look straggly and weak but they rely on the fading leaves for nutriment towards next years showing. When the new bulbs have been in the soil for a month a little fertilizing on the surface is called for: continue this each month until the bloom appears then stop feeding.

DAFFODILS AND Jonquils should provide yellow colors for your garden; there is a similarity between these two beauties that can easily be determined. Jonquils are the smaller and, when in bloom, has more flowers on each stem than the Daffodil does. From now on both of these should do well in full sunshine. If densely shaded their beauty is liable to be destroyed.

These bulbs should be five inches into the ground and six inches apart. Before planting a teaspoonful of bone meal beneath the bulb will prove beneficial. For top fertilizing a little phosphorous and potash monthly helps the bloom.

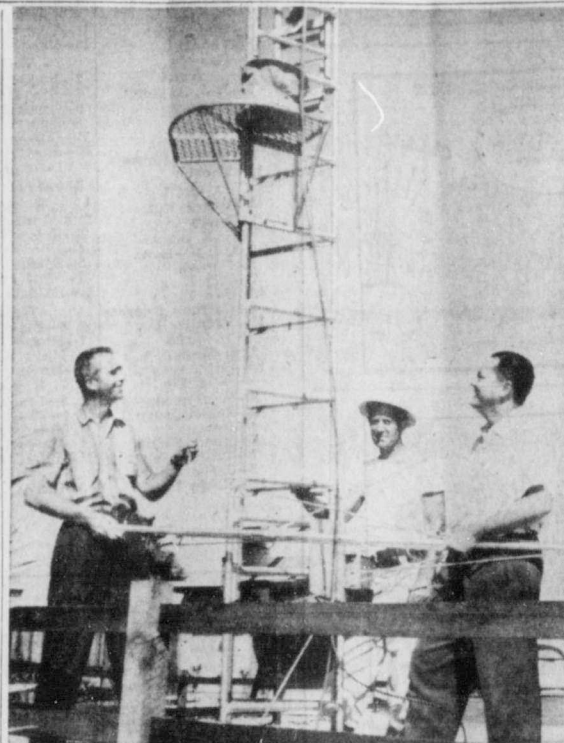

THERE ARE QUITE A FEW varieties from which to choose: Roxane for white, King Alfred and Lord Wellington for yellow. (Sounds like these two had their origin in the British Isles). For rock garden use Jonquils show well among other small plants.

Gladioli grow profusely on the desert. The corms should be planted according to size: large ones four to five inches below the soil top, smaller ones three inches. Because of their growing propensity they should be planted at least a foot apart. Watering heavily once a week should be sufficient when the thermometer stays below ninety.

Planting a few at a time and leaving a gap of three weeks to the next planting would give you a growth of gladioli until late April. Varying your colors is also helpful as is purchasing good bulbs and being assured that same has been treated with insecticide.

Application Made For Gas Lighting

The gas light, a form of illumination that supposedly had gone into limbo with the horse and buggy, is returning to popularity throughout the nation, decked in brand-new trimmings that make it as modern as tomorrow.

Official recognition of the "revival" of the gas light as both a practical and decorative adornment for homes came this week when representatives of Southern California Gas Company filed for authorization from the California Public Utilities Commission to institute a special rate "for gas lighting only."

COMMISSIONER Matthew J. Dooley was on hand to receive the filing from Keith Kelsey, gas company assistant vice president. The new rate schedule provides for two basic services. The first provides for street lighting installations by tract association or street lighting districts, and the second for installations in residential and commercial buildings by individual customers.

SO GREAT HAS been the interest by homeowners in gas lights recently, according to gas company division manager William P. Hand, that nine major firms are now turning out lamps across the nation. One firm has stepped up production to a rate of approximately 200,000 lamps a year.

The gas lights are especially popular for illumination of outdoor areas around homes, such as swimming pools, barbecues, front lawns, and driveways. Hundreds of homeowners have installed them to light house numbers or name-boards. Owners report that they not only fulfill the need for constant illumination of these areas, but that their soft, "nostalgic" glow enhances the appearance of a home in situations where harsher light would be out of place.

Today's filing is the first rate schedule to include gas lighting since one filed in 1919. This sched-

ule dropped reference to gas lighting in January, 1941.

Connie Mack Series Set for Next August

BATTLE CREEK, MICH. (UPI) — The Connie Mack baseball league for 16, 17 and 18-year-old players will have its first world series next summer under the auspices of the American Amateur Baseball Congress, AABC president C. O. Brown said today.

The series was tentatively scheduled for Aug. 26-30.

VILLAGE DEER HUNTERS, left to right, F. H. "Shorty" Ferguson and son, LeRoy, and Bill Calvert show off their hunting booty for Calvert's sister, Esther Rose. The Fergusons, Calvert and his wife, Marian, bagged a total of five deer, weighing in at about 1,000 pounds all told, at the Lander, Wyo., ranch of Calvert's father. (Desert Sun Photo).

Indians, Banning Tangle Tonight

2nd Place At Stake In Game

Coach Clare Ballagh and his Palm Springs High School Indians take off late this afternoon for Banning where, at 8 o'clock tonight they tangle with the Banning High Broncos, touted as the strongest team in Riverside County League despite the fact that they lost to Coachella Valley High 0-6 in the first game of the season.

Since then they have bowled over Beaumont, Perris and Hemet.

PALM SPRINGS lost to Coachella 7-13 in another thriller last weekend.

Tonight's game will probably settle second place in the loop as Coachella seems headed for the championship.

With a 2-2 mark against Banning's 3-1 record to date, the Indians will be fighting to stay in the first division and gain a crack at second place in the final standings.

THE INDIAN-BRONCO game is rated as the feature game in RCL play tonight although the battle at Indio where the CV Arabs host surprising San Jacinto now currently in third spot in the RCL with a 2-1-1 mark is another important one. San Jac is rated an excellent chance to upset the Arabs.

Perris meets Hemet on the latter's gridiron and Beaumont is favored to hand Elsinore its fifth straight loss tonight at Elsinore.

Vasquez Scores Quick Knockout In Savoie Bout

LOS ANGELES — (UPI) — Mauro Vasquez, Mexico City, scored a stunning first round knockout over veteran Armando Savoie last night in a scheduled 10-round featured main event at Olympic Auditorium.

The undefeated Vasquez, 133, felled Savoie, 135, Montreal, Canada, seconds after the opening bell and floored him again for a seven count almost as soon as Savoie got up.

Vasquez launched a barrage of blows at Savoie, who was almost helpless when referee George Latka called it a knockout at 2:29 before a cheering crowd of 7,800 fans. The gate was \$9,100.

Maxwell 2 Ahead In Carling Golf

ATLANTA — (UPI) — The chase was on today in the third round of the \$25,000 Carling Open golf tournament — and the man the pack was out to nab was Billy Maxwell, the Odessa, Tex., sharpshooter.

Maxwell's wedge was his best shooting iron Thursday as he blazed an eight-under-par 64 over the recently constructed 7,004-yard Cherokee course, which the pros say is one of the roughest in the country.

That sizzling 64 gave Maxwell a two-day total of 136 for a two stroke lead over his nearest rival, Bill Collins of Baltimore, Md.

Ravine Decision to Be Made in January

Coachella Valley Amateur to Open Tamarisk Season

Seventh annual Coachella Valley Amateur Golf tournament, Saturday and Sunday, November 15 and 16, will officially set off the winter season at Tamarisk Country Club with an anticipated field of about 150 golfers from the desert area.

Elsworth Vines, Tamarisk pro, said that the clubhouse, including the grill room and locker room, will be available to the contestants and their friends.

THE EVENT will be played over the 36-hole route, 18 each day, on medal lines.

The tourney will be divided into three classes, 0-8 handicap, 9-15 and 16 and over.

Low gross and low net prizes will be offered in each class.

Vines and Nick Turzian, assistant Tamarisk pro, will handle the pairings and starting times.

DEFENDING champion in the event is Tony Marmion of Indio who carded a 76-75-151 for low gross honors last year.

Low net prize last year was split between John Woods, 76-76-152-12-140 and Dr. Robert Backstrom, 78-82-160-20-140, both of Palm Springs, and members of Tamarisk Country Club.

Lane Wants First Crack at Brown's Lightweight Title

SYRACUSE, N. Y. (UPI) — Shoots for a shot at the title, usually the favorite post-fight cry of a winning boxer, are coming from the corner of lightweight contender Kenny Lane who meets former French champ Lahouari Godih tonight in a nationally televised 10-round.

Jack Kearns, co-manager of Lane, a southpaw from Muskegon, Michigan, said that despite Johnny Busso's verdict over lightweight king Joe Brown in Miami Wednesday night, his boy remained first in line for a chance at the 135-pound crown.

FIGHT RESULTS

WICHITA, Kan. (UPI) — Dan Hodge, 188, Wichita, Kan. stopped Ted Pool, 178, New York 5.

LOS ANGELES (UPI) — Mauro Vasquez, 131, Mexico, knocked out Armando Savoie, 135, Canada 1.

RICHMOND, Calif. (UPI) — Luke Easter, 136, San Francisco, stopped Johnny Willis, 139, Oakland, 6.

COAST TO COAST GRID PACT NEAR

Dozen Universities Taking Part in Talks on New Football Association

By HAL WOOD, United Press International
SAN FRANCISCO (UPI) — The wheels are grinding—but slowly—for the formation of that coast-to-coast college football association and the chances are good now that some sort of a loose organization will be constructed for the 1960 or 1961 seasons.

Ednut Johns, athletic director of the University of California at Los Angeles, said today he is "optimistic" over the chances for the loop.

"I think it is feasible and I'm optimistic over the chances of such an organization," said Johns. "The fine thing about it is the fact that many of the schools already are on each other's schedule."

IT WAS REVEALED here today that "several" meetings have been held during the last few months by representatives of 12 different schools with the idea in mind of setting some kind of an "association."

Some of the representatives have attended several meetings, others just one. The schools involved include UCLA, Oklahoma, Southern California, Miami, California, Air Force Academy, Navy, Stanford, Army, Washington, Pitt and Notre Dame.

Several of these schools have stated "definitely" that they would not be interested in the

conference. But a survey of the schedules for the past year and for the next few years shows that many of them meet regularly, anyway.

ALONG WITH UCLA, the Air Force Academy and Pitt have indicated they are strongly in favor of the association. Most other schools are holding back on comment until further investigation.

One proposal that has been brought up at the meetings now is that the conference have 12 teams, divided into an eastern and western division—just as the National pro league now is set up. The games played against foes in either division would count in the Standings. The winners of each division then would battle for the championship, possibly in the Rose Bowl.

It is believed the five western schools are pushing the project because they do not have enough teams now to form a "formal," NCAA approved loop.

Fund Raising For Indio Float Is Under Way

INDIO — Plans for the fund-raising contest for an Indio float in the Rose Parade are moving ahead rapidly, according to Art Ahrens, committee chairman of the parade float, and a flower sale will be held on the streets of Indio on the day of the Christmas parade, he announced.

Nine girls throughout the Coachella Valley, he added, are now engaged in the sale of bumper stickers and tickets for the Palm Springs play, "Will Success Spoil Rock Hunter?" scheduled for production on Saturday, Nov. 22, at the Coachella Valley Union High School.

THE LUCKY GIRL, who will ride as queen on the Indio Rose Parade float, will be determined by the total amount of her sales. As an added prize she will also be given a pair of tickets for an eight-day, all-expense-paid flight to Hawaii.

This special flight which is scheduled to leave the Ontario airport July 17, is known by its slogan "Fly with the Queen on the Arabian Nights Magic Flight."

A CONTINGENT of valley people in Arabian dress will accompany the Queen, and the two historic camels from the Riverside County Fair and Date Festival, will be at the airport to bid "Bon Voyage."

Sponsored by the Indio Chamber of Commerce, the plane will be met in the "Land of Aloha" by the Hawaiian Chamber of Commerce.

Recorded Music Classics Now on Sale at Safeway

A 16-album library of the world's greatest classical music is now available at supermarket prices.

The first album of fine classical music is now on sale at Palm Springs Safeway stores, Frank Glasgow, Safeway merchandise manager, announced.

THE BUDGET PRICED Philharmonic Family Library of Great Music will be available for the next four months with a new album on sale each week.

"This sale is not only a unique value, but gives us an opportunity to offer a produce that edu-

cates and entertains," said Glasgow.

The library presents on long-playing, high fidelity records the masterworks of 27 composers played by 10 of the world's leading orchestras.

IT CONTAINS a total of 44 works, with selections including Tchaikovsky's "Nutcracker Suite," Beethoven's "Piano Concerto No. 5," Liszt's "Liebestraum," and a wide range of symphonies, overtures, and operatic pieces.

Informative notes about each composition and a general music appreciation article accompany each album.

"We are able to bring these fine works to our customers at supermarket prices, due to the generosity of the artists in waiving their royalties," Glasgow said. "The first album will sell for 49 cents, the remainder for \$1.49 each."

Theft of Suits Is Reported

Countywide Workshop

Local JRC Council to Host Meeting

The Palm Springs High School Junior Red Cross Council will host a countywide JRC workshop for secondary school students representatives and secondary and elementary teacher-sponsors, Nov. 15.

Miss Eunice Crooke, Palm Springs Branch, American Red Cross Junior Red Cross chairman, that the workshops have been scheduled in response to the many requests received from teachers, students, and principals.

ELDA MURPHY, Palm Springs High School teacher-sponsor for JRC, who is in charge of arrangements for the meeting, said that there will be three discussion groups for teacher-sponsors.

Junior High teacher-sponsors will be led in discussion by Mrs. Orpha Brauti, dean of girls and the teacher-sponsor from Sierra Junior High, Riverside. The Senior High group will meet with Mrs. Carolyn Hale of Ramona High in Riverside. The group leader for the elementary school teacher-sponsor has not yet been announced.

MISS MURPHY SAID that the meeting will open with a general session after which the students and teachers will divide into discussion groups. Dr. Dwight Twist, Palm Springs District Superintendent of Schools, will greet the participants and Dr. Charles Webster, principal, Palm Springs High School, will address the group.

Each school in Riverside County is encouraged to send a student to the workshop from grade levels seven through 12. Discussion will focus upon the problem and importance of building JRC programs that enable youth to include JRC service projects that develop latent abilities and maximum potentials in their regular school curriculum.

"JRC PROGRAM is an in-school activity that is designed to embellish but not to infringe upon the school program," Mrs. June Foreman, JRC director, Riverside County, said.

A ton of coal makes 1,400 pounds of coke and about 10,000 feet of fuel gas.

"In the coming months added emphasis will be given by chapter and national leaders to Red Cross programs in which youth can participate," she said. "In these days when all are concerned with youth, this is as exciting experience as we have ever embarked on."
